NOVELLA MASTER PLAN

Striving to provide a true sanctuary for homeowners, we placed only 62 standalone villas spread on 20 feddans of which 85% is landscaping. This ensures that each home has vast green areas and an outdoor forest like feel. It also keeps the air clean, surroundings quiet and the mind clear.

Novella is divided into 3 parks each with a different focal function giving owners a unique experience.

Novella offers 4 standalone villas types of one-floor villas each catering to every family's different needs and requirements.

The compound also offers water features, 2 gates and wide streets making getting around a breeze.

Novella has set the bar for luxury compounds that are still intimate and real.
